Dear David

Proposed reduction in Speed Limit on the A36 through Claverton

Thank you for your recent email following the discussions you have had with my colleague Stefan Chiffers regarding the current speed limit on the A36 through your village. I have discussed this matter with Cllr Roger Symonds and can confirm that:

- We support the proposed reduction of the speed limit to 50 mph by way of new signage which would be greatly assisted by the installation of two Vehicle Activated Signs.
- We could design and implement the scheme if permitted by the HA.
- We would be prepared to make a financial contribution of approx £4000 towards the costs of the scheme, which we could make under S274 & 274A of the Highways Act 1980.

If I can be of further assistance in this matter please do not hesitate to let me know.

Yours sincerely

Peter Dawson
